EXPERIENCE

Mindrisers Tech, Kathmandu—MERN Stack Intern

FEB 2025 -Present

I started my MERN Stack internship at Mindrisers, and it's been a great learning experience. I've worked on frontend development using NEXT, React and integrated APIs with Node.js and Django. The team is supportive, and I'm gaining hands-on experience in real-world development.

Truenary Solution, Hetauda-4 —Frontend developer intern

NOV 2023 -MAR 2024

As a frontend developer, I gained hands-on experience in building dynamic user interfaces, enhancing overall user experience with react.

Webify Technology, Remote — Internship

MAY 2022 - OCT 2023

In my very first internship period, I learned to build rest apis and scalable applications with java and spring boot.
